Exam 1 will take place on **Tuesday, February 14** in class (1:00-2:15 p.m.)

The Exam will be a combination of multiple-choice questions, true/false questions, short-answer questions, and longer problems to work out and solve. There will also be a Bonus problem worth up to 5 points extra credit.

All work is to be done on the Exam paper itself… you will not need a Scantron form or Blue Book for the Exam, and no additional scratch paper is allowed.

You may prepare and use an 8½-inch by 11-inch sheet of handwritten notes (writing on one side only), which you will staple to and turn in with your Exam. You can write anything you’d like on your note sheet – formulas, definitions, example problems, etc.

Calculators are allowed on this Exam (though you should not need them).

---

Here are some Review Exercises that will help you prepare for Exam 1.

This list is not a comprehensive review for the Exam. To best prepare for the Exam, you should work these exercises in addition to studying your class notes, your MyMathLab homework assignments, and the textbook.

Read: Ch. 4 Review: pages 250-251 in the textbook (Sections 4.1 – 4.6 only)

Do: Pages 251-254, Review Exercise # 2, 3 (for #3, do parts A, B, and C only), 4, 5 (for #5, do part A only), 15, 19, 21, 23, 26 (for #26, do parts A and C only), 38, 41, 45 (for #45 do part A only), 49 (for #49, just set up the system of equations for Concert 1 only; do not solve), 52

**Extra credit opportunity:** Work through all of the above exercises in a Blue Book and turn them in at the Exam, and I’ll add 3 points to your Exam 1 grade! You must do all the exercises listed, and show your work… and no late submissions will be accepted!

**Help:** You can get help on these exercises from me or Alicia or from the tutors in S405 or in N925, and some answers can be found in the back of the textbook (or in the eBook), so please check your work before you turn it in.

---

**Due date for Ch. 4 MyMathLab (4.1 – 4.6):** Tue. 2/14 (1:00 p.m.)

If you have any questions before the Exam, let me know, either over e-mail, or by coming to see me in my office!

Good luck and study hard… I want you to “kick booty” on this first Exam! ☺️
